#### Matt Talbot Receives Grant from Conagra Brands Foundation

We are excited to announce that Matt Talbot received a "Nourish Our Community" grant from Conagra Brands Foundation in support of our twice-daily congregate meals, food pantries, and cooking and gardening classes for children and adults. Matt Talbot was one of only 23 nonprofits throughout the country selected for funding!

Matt Talbot was nominated to apply for the grant by Tina Walton, a Conagra employee and Matt Talbot volunteer. Tina's support is so appreciated and a wonderful demonstration of how Conagra Brands, its employees and community nonprofits work together to meaningfully impact the issue of hunger.

### Lori Wellman Joins Matt Talbot as Director of Development

Matt Talbot Kitchen & Outreach is pleased to welcome Lori Wellman as our new Director of Development. Lori grew up in upstate NY, earned a BS in Psychology at Union College in Schenectady, NY and then an MBA at Graduate College

of Union University (also in Schenectady, NY). She has spent her entire career in University Advancement, in various roles including: Major Gift Officer, Director of Alumni Engagement and Director of Advancement Program Strategy. Lori is super excited to use those fundraising skills now at Matt Talbot Kitchen and Outreach. She is married to Dale Wellman, Head Men's Basketball Coach at Nebraska Wesleyan (which is what brought her to the Midwest) and has two kids, Brady, aged 9 and Tessa, aged 6. Welcome Lori!

#### **Looking for a "Clean Team" Volunteer Team**

Years ago MTKO had a "Clean Team" who came to the kitchen occasionally for deep cleaning projects. We would like to recreate this team. We are looking for a group of people (4 to 8) willing to spend 2 to 3 hours each month getting us spit and polished. The best day for our kitchen schedule would be the 1st Thursday afternoon from around 1:00 to 4:00. Of course, the more people we can recruit, the fewer hours it will take. Projects that would need to be tackled would include: cleaning walls, cabinets, shelving, stainless steel, refrigerators, and equipment including the warming oven and convection ovens. Each project would not need to be done monthly but on an as needed basis. Our kitchen will soon turn 10 years old and the newness has worn off; time to start the deep cleaning. Please contact Sydne if you would like to be a member of this needed team. Your efforts will not go unnoticed! <a href="mailto:Sydne.wirrick-knox@mtko.org">Sydne.wirrick-knox@mtko.org</a> or 402-817-0622.

#### More great ways to increase the amount of fresh veggies in your MTKO meal

- Basic tomato sauce is great definitely counts as one veggie: But the more veggies added, the better. Try adding pureed carrots, winter squash, peppers, onions or greens. How about throwing in a can of pumpkin puree?
- Making classic chicken soup? Add some pureed tomatoes, squash, or potato. It will make a thickened soup and also sneak in some extra veggies.
- Add carrot, sweet potato, or butternut squash puree to any chili or stew recipe.
- Chocolate is basically the best way to hide veggies in pretty much anything. Case in point: sweet potato brownies.
- Add carrot or sweet potato puree to chocolate chip cookies for a treat that's just as tasty, but has hidden health benefits too.

Soon we will be thinking about snowy winter weather.

#### Please make sure you have the MTKO phone number & weekend pager number handy!

For weekday teams, give the kitchen a call as soon as possible once the decision has been made that your team will be unable to make it. That will give the staff members time to get a meal planned and find volunteers to help. The MTKO phone number is 402-477-4116. We are open from 8:30 AM to 6:30 PM.

For weekend teams, the pager number is 402-473-0447.

- Dial the pager number
- Follow the prompts
- Leave the best phone number where you can be reached
- Wait for the call back from the staff on-call
- Once again, do this as soon as possible so we have an opportunity to make other arrangements

#### **What Ten Grams of Sugar Looks Like**

#### by Janet Buck, MS, RD, LMNT, Nutrition Coordinator

Since the holidays and eating lots of sugar are rapidly approaching I thought it would be interesting to share some information Dietitian, Danielle Omar, compiled and posted on her My Fitness Pal blog. It shows the amount of sugar in various candies, compared to the amount in a clementine orange and an apple. She recommends no more than 10 grams in a snack. The 2015-20 Dietary Guidelines for Americans recommend that no more than 10% of your daily calories come from added sugar. This means that for a 2000 kcal diet, one should eat no more than 12 teaspoons of sugar per day. The American Heart Association gives an even more tight recommendation, suggesting that women have no more than 6 tsp. and men no more than 9 tsp. of sugar per day. So you can see that by eating most of the snacks below you will have met or exceeded the recommended amount of daily sugar intake. And, even though the orange and apple have a fair amount of sugar also, keep in mind that it is not added sugar, and several other important nutrients are present in the fruit that the candy does not offer. This is not say that one should not include in these sweets, because denying oneself of such goodies will likely lead to craving them. Just remember your portion size when eating them and enjoy them! Focus on their flavor and deliciousness and eat them slowly to maximize the pleasure you receive from them.
